Large Print Daily Board & Home Reminder Signs

Clear, high-contrast pages for an older adult living at home - print, laminate or put in a sheet protector

HOW TO USE

- Print on plain paper or card stock. Black text on white is the easiest to read - no color printer needed.

- Put the Today Is board in a page protector or laminate it, and use a dry-erase marker so it can be updated each morning.

- Cut the Day of the Week cards apart and keep them in a stand or clip next to the board. Change the card every morning as part of the routine.

- Tape the reminder signs at eye level, right where the action happens (the sign for the stove goes next to the stove).

- Cupboard and drawer labels help find everyday things without searching. Use only the ones that are useful - too many signs become background noise.

- Fill in the Phone List with large handwriting. A small photo next to each name helps a lot.

WHAT'S INSIDE

- ☐ Today Is board (date, weather, plan)
- ☐ 8 Day of the Week cards
- ☐ Large print daily checklist
- ☐ 10 home reminder signs
- ☐ 2 blank signs to write your own
- ☐ 16 cupboard & drawer labels
- ☐ Large print phone list with photo spaces
- ☐ Who's visiting this week board

PRINTING TIPS

- Print at 100% / Actual size. US Letter and A4 versions are both included.

- Labels: card stock or sticker paper works well. Clear packing tape over a label makes it wipeable.

These pages are everyday organizing aids. They are not a medical device and do not replace advice from the person's doctor or care team.

Today Is Board

Laminate or use a sheet protector - update every morning with a dry-erase marker

TODAY IS

DAY
